

Help us create the Meadow Garden – many hands make light work!

Last year Lambeth Living gave the Wyvil Estate Residents' Association funding to create a meadow garden in the old tarmac area near Quinton, Frank and David Houses.

Fernando, a member of the Residents' Association Committee is an architect. He designed the plans for the meadow garden, consulted residents and has overseen the work to date.

Hopefully you'll have seen that the area is already transformed with new pathways, landscaping and seating. The area has also been seeded to create the meadow garden and bushes will be arriving on Thursday 25th June. Over the coming weeks we need to water the area daily so that the garden grows. This is why the area is fenced off at the moment.

Please join us on Thursday morning, 25th June to help plant the bushes.

Lambeth Living will be joining us – and are hoping for a great photo opportunity with the gardening club members and other residents. Please help us make it a success!

Volunteer to water the garden

We're also putting a rota together to ensure that the garden is watered daily. Please let us know if you can spare some time to help to create the meadow garden. If we don't get enough helpers it's a lot of work to share between a few people and we're worried that the seeds won't take unless we can get enough people to help to water it daily.

All you need is a bit of time to spare and some clothes that you don't mind getting dirty. Hose pipe and sprinkler provided! Please let us know if you can help. Even if you can't commit to regular slots, every bit of help will make a difference and will be much appreciated.

This is the first time the Residents' Association has tried to make improvements to the estate with grant funding. If enough people support the gardening club, we can do more on the estate together.

Our garden needs us! - Please contact us on wyvilgardening@gmail.com or put a note in our post box outside the meeting room between Frank and Gilbert Houses if you would like to find out more or get involved.
